Welcome

KRAVIG RED ANGUS

Aaron, Danielle, Kennadee and Hazel Kravig

Welcome to our 7th annual production sale. We appreciate your interest in our program and the continued support of our past customers.

Kravig Red Angus is a family-owned and operated cattle operation that has been raising Red Angus cattle in eastern Colorado for over 30 years. The day-to-day operations of our ranch are handled by myself, my wife Danielle, my father Dennis, and my mother Lisa. With two young children and several of us holding jobs off of the ranch it makes our weaning, calving and breeding seasons very busy. Thus, it is very important for us to place a great deal of emphasis on calving ease and quiet dispositions in order for everything to run smoothly.

The heart of our operation revolves around the mother cow. She must possess a sound udder, a quiet disposition, be moderate framed, easy fleshing, and have excellent structure with an emphasis on her feet and legs. Our cows are not pampered and, in order for them to stick around on our ranch, they must be able to “work” for a living with only minimal supplemental feeding. These traits are passed on from generation to generation creating the ideal cow who will stay on the land and generate a profit year after year.
