Aaron, Danielle, Kennadee and Hazel Kravig

A Brief Overview of Our Operation

Welcome to our 8th annual production sale. We appreciate your interest in our program and the continued support of our past customers.

Kravig Red Angus is a family-owned and operated cattle operation that has been raising Red Angus cattle in eastern Colorado for over 30 years. This is a family operation through and through meaning all of our day-to-day operations are handled by either myself, my father or my mother. With two young children and several of us holding jobs off of the ranch, it makes our weaning, calving and breeding seasons very busy. Thus, it is very important for us to place a great deal of emphasis on calving ease and quiet dispositions in order for everything to run smoothly.

The heart of our operation revolves around the mother cow. She must possess a sound udder, a quiet disposition, be moderate framed, easy fleshing and have excellent structure with an emphasis on her feet and legs. Our cows are not pampered and, in order for them to stick around on our ranch, they must be able to “work” for a living with only minimal supplemental feeding. These traits are passed on from generation to generation creating the ideal cow who will stay on the land and generate a profit year after year.

Sale Information

RED RIGHT. NOW.

The Red Angus female is the rancher favorite for replacements that deliver real profitability.

An independent university study compared six years of Superior Livestock Auction data, revealing Red Angus-sired heifers commanded from \$5 to \$9/cwt. more than females of all other breed types.

Learn more about the value of Red Angus-sired replacement females at
redangus.org.

Ranch Tested. Rancher Trusted.
